My passion

A lot of people can't find their true passion, ~~but~~ ~~i~~ and i was one of them. I ~~couldn't decide which~~ ~~was better~~ i liked the most between football or basketball so i decided to try both of them, turns out i didn't like neither. One day as we were playing basketball with the team i saw some people walking in with backpacks on, ~~and~~ ~~they~~ ~~were~~ almost all of them were pretty fit and looked really disciplined. I asked my friend do you know them? he said "yes they are the kickboxers who train on the second floor". I decided to start training with them for a while but i didn't expect that it would turn out to be the passion of my life. Most people when they hear boxing, kickboxing, martial arts they instantly think about a lot of movies where there is only action, no training, no preparing, ~~nothing~~, no discipline nothing ~~that~~ ~~you~~ you just get in with the other guy and start fighting. They don't expect it to be a life-changing ~~sport~~ sport where you learn respect, discipline, sacrifice, hardwork and dedication. Most people think that ~~a~~ boxing or kickboxing gym is the wrong place for a teenager to be in, but i think its the best place because thats where hes gonna ~~really~~ really grow up not ~~physically~~ physically but mentally. Some places like ~~the~~ United States of America have boxing programs even for the prisoners, and i think thats a really good opportunity for a lot of ~~young~~ young men who made mistakes in the past to find a new passion or even start a new career. It ~~has~~ has already happened twice ~~with Mike Tyson and Rocky Marciano~~ with Ron Lyle and Sonny Liston two troubled teenagers who got arrested more than thirty times before they even had their ~~18th birthday~~ 18th birthday and after finding boxing they both became heavy-weight champions of the world.

My HOBBY/PASSION

I am writting this essay about my hobby and passion ~~which~~ wich is playing and ~~whatching~~ watching basketball games.

I was so young, about 11 years old in 6th grade when I started watching basketball games, I used to watch Kosovo's basketball back then and I ~~loved~~ loved seeing Mitrovica play. The main reason is there was this one player Shapthovig who was a playmaker and I admired his game and loved watching ^{him} play. After one year or so I started training basketball in my city Gijlan at United Basketball and I loved it, but I cut of my training because I lived in Bresal that time and I couldn't go to train in Gijlan that often, eaven though my desire to play in the field and in the big leagues never stoped. After six years when I ~~sta~~ was in high school I started my training again in the same team wich now was grouped up with Drita's basketball team, I liked it eaven more this time because I got the chance to make my dreams come true and play in the league. I played ~~for~~ in Drita ~~for~~ three years as a center and I had great results in games and again I had to leave basketball because it was time for university and I had no other ~~co~~ choice but ~~to~~ continuing school. I also played for my school, there I was a team leader and I had a very great time playing there for three years streight, ~~but~~ I still play basketball just that this time ~~is~~ for fun only.

My basketball career is now over, I loved it for while at leasted and I am happy because I had so much fun and gained a lot from it.

Essay: Are we addicted to technology?

Nowadays, technology is playing a major part in our lives. Starting from civilians till to the headquarters of a country, everyone has to do something with technology. The highest job salaries are those jobs that have to do with technology.

So yes, I think we are addicted to technology. With the world getting more and more used to it, it would be very hard to live without it, maybe impossible for a group of people.

Like other things, technology has also its ups and downs. The benefits that we have from technology are huge. The most common these days is the smart phone. With smartphone these days you can make calls, make appointments and even ~~to~~ work from it.

Now that we mentioned the most usual benefit, it's the time to mention a few downsides.

With the world getting used to it, technology is "stealing" the normal life. Nowadays we prefer more staying on the phone, or watch TV than go out and spend times with ~~our~~ our relatives or our friends. It ~~has~~ has its medical downsides too.

By staying very much in front of the screen we are damaging our eyes, and getting tired from it.

In the end, I think technology has more benefits than it has downsides.

With technology, life is getting easier and easier.

If we don't misuse it, then, perhaps the technology is one of the greatest things a human body has achieved to create.

Essay:

Topic:

"My hobby / my passion".

As far back as I can remember, I always wanted to be that kid, the smart one getting into sports. Being a "nerd" and having a healthy body was one of my life goals. Because of the environment where I used to live, it was kind of hard. But when things started to change back there, I told myself this is the right time and the right chance to do both of them, being smart and being fit. I don't like individual sports, so what did I do?

I joined my local football club. I started by training with the u14 (under fourteen years old) squad. I enjoyed it. I made new friends, who still I have contacts with and shared some good memories. When it came to playing football, I always was the striker. I was the tallest from my teammates, so the coach put me in that position so I could score some bang head goals, some "headers". I continued training with my local team and play football with my friends till I turned 17 years old. As I said in the beginning football was my passion, my hobby after school. But because of the environment, I couldn't practice it regularly. Little by little I ~~started~~ started to back off.

I was a freshman at "Xhelal Hajda-Toni" gymnasium at that time and more studying was required. I thought I could still do both the same time. Eventhough I thought so, wanted or wanted not, time flew, so I could not catch ~~up the~~ with everything, I quit. Thinking this was over for me, I lost hope for doing sports. But...

... everything changed when I finished my freshman year. My PE teacher recognised I had an athletic body, which I still do. He offered me to join his handball team, "KTH Rahoveci" club, which in that time was recently formed. He told me about the organisation of the club, about the time of trainings when I had to attend if I would join the club.

I talked with my parents, I wanted to know what do they think about handball. They supported me and told me this would be a fun thing to do afterschool. I joined the club with being healthy and doing some fun ball playing after school as my only reason. I never thought handball would get into my heart, probably more than football. The first training was not that good, first two or three trainings to be honest, because we started doing push ups and stuff like this, hard ones in order to get back into shape. But when I first touched the ball, it was a different mindset. I told myself that a new chapter begins, with handball as my new passion. I was very happy balling at the city sports hall. I was that happy when I scored my first goal that it made me literally drop some tears, tears of joy.

It became more interesting when day by day, practice by practice, drill by drill I got better and started to play in the first team. Got the coach belief in me and scored some bangers. The first season went well, but because of pandemic we had to start reducing practice to the point we paused for a whole season.

- When we came then, for season three, we were ~~hungry~~ ^{hungry} to ~~achieve~~ achieve the top. We won the second division race and ranked on top. We joined the "Super League" and this year we finished 4th. Finishing in "top 4" provided us to join the European competition, in which we will go at the end of September.

That is it, handball now is not just my hobby or my passion, it is my lifestyle. I made it becoming professional at this sport and don't think I will give up and stop practicing it. Now that I am officially a handball player and a "nerd" I want to thank everyone for supporting me. But, also, I can assure them that I won't stop. Hoping to join this academy would make my top goals of this year. Becoming an athlete with military authority probably would make not just a top of goal of the year, but a life goal.

You see, in order to conclude this football was my hobby, but for ~~me~~ now handball runs in my blood, is my passion and it is going to be like that for a while.

Nowadays my top goal is to be accepted in the military academy and then continue with my passion too.

This is me and this is my hobby that I love, not just like!

Technology, although very efficient and useful, like other things it has bad sides and flaws, addiction is one of them.

Addiction to technology, it's like a disease, that has almost captured every country and its people.

Being addicted to technology does bad things to a person likewise it brings damage to brain, make them loose focus, overweight and more things.

Many countries are worried about this situation with technology because being addicted has brought the suicide of many young children, and some have lost the touch with reality.

As we mention the bad sides of technology, the technology is used for good, like it has improved the communication, traveling, in medic area, almost every area that exists.

But to answer the question that are we addicted to the technology the answer is yes, the life we are living is connected with technology in almost every area our jobs, school, lessons and many other things.

The technology has improved humans life for good, and it safe to say no technology, no life.

~~Technology~~

Nowadays you can't make your life without being involved with technology.

~~Are we Addicted to Technology~~

Technology

~~Technology~~, although very efficient and useful, like other things it has bad sides and flaws, addiction is one of them.

Addiction to technology, it's like a disease that has captured almost every country and its people. Being addicted to technology does very bad things to the person likewise it's ^{brings} damages ~~to their~~ eyes, it makes

them loose focus, overweight, weak body, absence of a lot vitamins and ~~no~~ much things that are bad for persons health.

Many countries are worried ~~about~~ about this situation because being addicted has brought the suicide of many young ~~children~~ children and have lost the touch with reality,

~~at technology~~

As we mention the bad sides of technology, the technology ~~is~~ is used for good ~~things~~, like it has improved the communication, travelling, in medic area, military, almost every area that exists.

MILITARY LEADER THAT I ADMIRE

THE WORLD HAS GONE THROUGH MANY WARS UNTIL NOW. MANY PEOPLE ARE DEAD. MANY OF THEM ARE WOUNDED. AND THE REST PART OF THEM ARE "CURSED," WITH THERE MORE OF NOT BEING A HERO, AND LIVE THEIR LIVES WITH THE REMEMBRANCE OF THOSE HEROES WHO GAVE THEIR LIVES HEROICALLY. MY SMALL COUNTRY, KOSOVA, HAD MANY BRAVES WHO SACRIFICED THEMSELVES. JUST TO PROTECT THIS BEAUTIFUL HOMETLAND, THEY WERE READY TO DO WHATEVER IT TAKES. FROM EVERY PERIOD OF TIME, FROM EVERY EPOCH WE HAVE SOMEONE TO REMEMBER. BUT, THE GREATEST ONE EVER THE ONE WHO IS KNOWN AS THE UNIQUE MILITARY LEADER IN THE WORLD, IS MY FAVOURITE, ADEM JASHARI.

AT FIRST, IS WORTH TO MENTION THAT ~~THE~~ BRAVES DON'T FIGHT FOR WHAT IS IN FRONT OF THEM, BUT FOR WHAT IS BEHIND THEM. SO WAS THE HERO, ADEM JASHARI. HE WAS GROWN ON A PATRIOTIC FAMILY. SINCE HE WAS TOO YOUNG HE SHOWED HIS LOVE FOR THE COUNTRY, ~~AND~~ AND THE HATE FOR BLOOD TERRORISTS WHO COMMITTED CRIMES IN ~~THE~~ CIVILIANS. WHEN HE WAS A YOUNG BOY, HE WAS A WITNESS OF A GREAT WAR BETWEEN SERBIAN POLICE FORCES, AND A NEIGHBOUR OF ~~HIM~~ ~~HIMSELF~~. HIS HEART WAS BURNING FIRE, BECAUSE HE WANTED THAT FEELING. HE WANTED TO BE A HERO ONE DAY. TO BE THE ONE WHO IS AN EXAMPLE OF SACRIFICE FOR THE HOMETLAND. IN THE CORPSE OF HIS NEIGHBOUR, HE TOOK AN OATH "I WILL NOT STOP FIGHTING UNTIL I FINALLY REACH THE GOAL OF THIS FALLEN HERO," THAT'S WHERE HE STARTED.

SECONDLY, THE IMPORTANCE OF ALL GREAT GOALS IN LIFE IS WHEN WE STICK ~~TO~~ TOGETHER. AND ADEM JASHARI STARTED TO INVITE HIS FRIENDS IN THIS WAR, THAT WAS ABOUT TO START. HE MADE A GREAT GROUP OF PEOPLE WHO WERE READY TO FIGHT AND TRAINED THEM IN ALBANIA. THIS WAY HE BECAME A LEGENDARY COMMANDER. THIS GROUP OF PEOPLE, EVEN THOUGH WERE LESS, ~~WERE~~ ^{WOULD} BE THE HONOR OF THE SERBS WHO WERE SLAUGHTERING EVERY DAY, WOMEN, CHILDREN, AND OTHER WEARMED CIVILIANS. IN THE YEAR 1997, IN THE 28-TH OF NOVEMBER, THIS GROUP OF PEOPLE DECLARED PUBLICALLY THEIR MISSION, AND DECLARED THAT KOSOVA HAS AN ARMY. KOSOVA HAS SOME GUYS WHO ARE READY FOR THE WAR AGAINST SERBS. ~~AND~~ AND THE MOST IMPORTANT, OUR ARMY (KLA) HAS A MILITARY LEADER, ADEM JASHARI. THIS MILITARY LEADER BECAME THE HEART AND THE SOUL OF EVERY SOLDIER WHO JOINED THE KLA. BUT ONE DAY, IN THE MARCH OF 1998, THE HOUSE OF ADEM JASHARI WAS SURROUNDED BY SERBS. AND AFTER 52 HOURS OF A GREAT WAR, ADEM JASHARI BECAME A FALLEN HERO.

HE WASN'T ALONE, ALL HIS FAMILY WAS SLAUGHTERED, MURDERED, AND KILLED.
ISN'T IT THE MOST UNIQUE HISTORY ^{IN} ~~OF~~ THE WORLD?! A MILITARY LEADER, WHO IS
READY TO SACRIFICE HIS SELF, AND ~~AND~~ HIS WHOLE FAMILY, JUST FOR THE LOVE
OF HOMELAND, AND FOR ITS FREEDOM.

IN THE CONCLUSION OF THIS ESSAY, I WOULD ADD THAT. EVEN THOUGH ^{THE FALLOUT OF AGENT} ~~OF~~ WAS
HEARTBREAKING TO EVERY KLA SOLDIER, KLA DID ITS JOB. AMERICA BECAME ~~THE~~ ALLIAD
OF KOSOVA, AND WITH THE NATO'S FORCE, SERBIA WAS BOMBARDED. KOSOVA GOT FREE,
AFTER A BLOODY MILLENIUM OF OCCUPATION. ~~THAT'S~~ WE EARNED OUR FREEDOM THANK
TO THE FALLEN. "GLORY" IS THE BEST WORD ~~TO~~ TO DESCRIBE THEIR SACRIFICE. BUT, WHAT
WILL BE IMMORTAL, IS THE FAMILY OF THE LEGENDARY COMMANDER ADEM JASHARI, "A MILITARY
LEADER ~~WHO~~ IS THE ONE WHO GIVES THE EXAMPLE, AND NOT THE ONE WHO ^{JUST} DIES FOR IT.
THAT'S WHAT OUR MILITARY LEADER TAUGHT US. NOW KOSOVA, AND ITS SECURITY FORCE
FOLLOW WITH THE GREATEST HONOUR THE EXAMPLE OF ADEM JASHARI. HE IS IMMORTAL,
HE LIVES IN THE SOUL OF KOSOVA'S SOLDIERS.

IN THE VERY END, AS ^{A. KOSOV} ~~METROPOLE~~ SAID: "IF THERE WAS A NOBLE PRICE FOR WAR, JASHARI'S
FAMILY ~~W~~ WOULD SURELY EARN IT."

ARE WE ADDICTED TO TECHNOLOGY?

TECHNOLOGY'S EVOLUTION IS HAPPENING EVERY DAY AND WE ARE ALL PART OF THAT. INDEED NOWDAYS EVERYTHING THAT WE DO INCLUDES A CONNECTION WITH TECHNOLOGY. PHONES, COMPUTERS, TABLETS ARE NOW BECOMING A MUST FOR THE MOST OF THE DOMAINS IN OUR LIVES. BUT ARE WE ADDICTED TO ALL OF THEM? WHAT IF SUDDENLY PHONES AND INTERNET DISAPPEARS AND ARE WE GOING TO FILL OUR EVERYDAY TASKS WITHOUT THEM? A LOT OF THEORIES ABOUT IT BUT AS WE KNOW ALREADY, TECHNOLOGY HAS MADE A LOT OF THINGS EASIER DURING THE LAST CENTURY. BEING ABLE TO TRAVEL ANYWHERE IN THE WORLD, VIDEO CALLING SOMEONE MILES AWAY FROM YOU, PAYING VIRTUALLY WITH OUR CREDIT CARDS ARE ONLY FEW OF THOUSANDS ^{OF} EXAMPLES THAT CAN CROSS IN OUR MINDS RIGHT NOW, BUT ONLY TALKING ABOUT IT COUPLE OF YEARS AGO, MANY PEOPLE COULDN'T IMAGINE IT AND NOW IT IS A REALITY.

UNFORTUNATELY, TECHNOLOGY HAS ITS DISADVANTAGES AS WELL. TECHNOLOGY MADE EVERYTHING EASIER TO ACCESS BUT PEOPLE ARE BECOMING "LAZIER". PLAYING VIDEOGAMES HAS REPLACED MANY GAMES FOR CHILDREN.

THEY ARE CALLED "SOCIAL MEDIA" BUT THEY'RE MAKING US COLD AND DISTANCE WITH EACH-OTHER.

WE MAY HEAR A LOT OF STUFF ABOUT TECHNOLOGY BUT THE TRUTH IS THAT TECHNOLOGY IS ONE OF THE BEST THINGS THAT EVER HAPPENED. HOW WE USE IT AND HOW WE MANAGE IT LOOKS TO BE THE PROBLEM. PARENTS NOW MUST TAKE MORE CONTROL OVER THEIR CHILDREN BUT ACCESSING TO HELPFUL INFORMATIONS, RUNNING OUT A ~~BUSINESS~~ ~~FACTORY~~ FACTORY, STUDYING ETC. WERE NEVER EASIER.

IN CONCLUSION TO THIS VERY ~~LARGE~~ LARGE THEME, TECHNOLOGY SAVES US TIME, MONEY AND IT MAKES THINGS EASIER BUT USING IT PROPERLY, BEING ABLE TO CONTROL OURSELVES OVER IT AND USING IT ONLY WHEN IT IS NEEDED MUST BE ONE OF OUR MAIN GOALS.
